**OPINION AND ORDER**

This matter comes before the Office of Administrative Hearings (OAH) as a Petition for Administrative Variance filed by the legal owners of the property, Frank D. and Cynthia S. Young. The Petitioners are requesting variance relief from § 1A09.7.C.2.e of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an accessory structure (garage) to be located in the front and side yard in lieu of the required side or rear yard of any principal use. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners' Exhibit 1.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. The Department of Environmental Protection and Sustainability (DEPS) submitted a comment dated December 3, 2015, indicating that any future building permits (such as for a proposed detached garage) must be reviewed by Ground Water Management prior to building permit approval.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on November 22, 2015, and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and

should therefore be granted. In the opinion of the Administrative Law Judge, the information and photographs submitted provide sufficient facts that comply with the requirements of Section 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this **8<sup>th</sup>** day of **December, 2015**, by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from § 1A09.7.C.2.e of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an accessory structure (garage) to be located in the front and side yard in lieu of the required side or rear yard of any principal use, be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioners may apply for their appropriate permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, Petitioners would be required to return, and be responsible for returning, said property to its original condition.
2. The Petitioners or subsequent owners shall not convert the accessory structure (garage) into a dwelling unit or apartment. The structure shall not contain any sleeping quarters, living area, kitchen or bathroom facilities.
3. The accessory structure (garage) shall not be used for commercial purposes.
4. Petitioners must comply with the comments submitted by DEPS dated December 3, 2015; a copy of which is attached hereto and made a part thereof.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.
