OPINION AND ORDER

This matter comes before the Office of Administrative Hearings (OAH) as a Petition for Administrative Variance filed by the legal owners of the property, Daniel L. & Vienna C. Dietrich (“Petitioners”). The Petitioners are requesting Variance relief from §§ 1A04.3.B.2.b and 400.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an existing addition with a side yard setback of 22 ft. in lieu of the minimum required 50 ft., and to permit an existing detached accessory structure (garage) to have a rear yard setback as close as 2.1 ft. in lieu of the minimum required 2.5 ft. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners’ Exhibit 1.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. There were no adverse ZAC comments submitted by any of the County reviewing agencies.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on February 12, 2016, and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Administrative Law Judge, the information and photographs submitted provide sufficient facts that comply with the requirements of Section 307.1

of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Although the Department of Planning did not make any recommendations related to the existing detached accessory structure (garage) height and usage, I will impose conditions that the garage shall not be converted into a dwelling unit or apartment, not contain any sleeping quarters, living area, and kitchen or bathroom facilities.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this 3rd day of **March, 2016**, by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from §§ 1A04.3.B.2.b and 400.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an existing addition with a side yard setback of 22 ft. in lieu of the minimum required 50 ft., and to permit an existing detached accessory structure (garage) to have a rear yard setback as close as 2.1 ft. in lieu of the minimum required 2.5 ft., be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

- Petitioners may apply for their appropriate permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, Petitioners would be required to return, and be responsible for returning, said property to its original condition.
- The Petitioners or subsequent owners shall not convert the garage into a dwelling unit or apartment. The garage shall not contain any sleeping quarters, living area, and kitchen or bathroom facilities.
- The garage shall not be used for commercial purposes.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.

Signed
JOHN E. BEVERUNGEN
Administrative Law Judge
for Baltimore County
