**OPINION AND ORDER**

This matter comes before the Office of Administrative Hearings (OAH) for Baltimore County for consideration of a Petition for Administrative Variance filed by the legal owners of the property, Jacob and Jaimie Toroney (“Petitioners”). The Petitioners are requesting Administrative Variance relief pursuant to § 400.3 of the Baltimore County Zoning Regulations (“B.C.Z.R.”), to permit a proposed detached accessory structure (garage) with a height as much as 19 ft. in lieu of the maximum allowed 15 ft.; and to amend the Final Development Plan (FDP) of El Ray Farm, Block A, Lot No. 23 only. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners’ Exhibit 1.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. A ZAC comment was received from the Department of Environmental Protection and Sustainability (DEPS), Well Water Program, dated March 27, 2017, indicating that the variance request had been reviewed, approved and advised that termite treatment of the foundation within 30 ft. of the well should be avoided.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on April 23, 2017, and there being no request for a public hearing, a

decision shall be rendered based upon the documentation presented.

The Petitioners have filed the supporting affidavits as required by § 32-3-303 of the Baltimore County Code (B.C.C.). Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Administrative Law Judge, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of § 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Although the Department of Planning did not make any recommendations related to the proposed detached garage height and usage, I will impose conditions that the garage shall not be converted into a dwelling unit or apartment, not contain any sleeping quarters, living area, and kitchen or bathroom facilities.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this 15<sup>th</sup> day of **May, 2017**, by the Administrative Law Judge for Baltimore County, that the Petition for Administrative Variance seeking relief from § 400.3 of the Baltimore County Zoning Regulations (“B.C.Z.R.”), to permit a proposed detached accessory structure (garage) with a height as much as 19 ft. in lieu of the maximum allowed 15 ft.; and to amend the Final Development Plan (FDP) of El Ray Farm, Block A, Lot No. 23 only, be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioners may apply for necessary permits and/or licenses upon receipt of this Order. However, Petitioners are hereby made aware that proceeding at this time is at their own risk until 30 days from the date hereof, during which time an appeal can be filed by any party. If for whatever reason this Order is reversed, Petitioners would be required to return the subject property to its original condition.
2. Petitioners or subsequent owners shall not convert the garage into a dwelling unit or apartment. The garage shall not contain any sleeping quarters, living area, and kitchen or bathroom facilities.
3. The garage shall not be used for commercial purposes.
4. Petitioners must comply with the ZAC comment received from DEPS, dated March 27, 2017; a copy of which is attached hereto and made a part hereof,

Any appeal of this decision must be made within thirty (30) days of the date of this Order.
