OPINION AND ORDER

This matter comes before the Office of Administrative Hearings (“OAH”) for Baltimore County for consideration of a Petition for Administrative Variance filed by the legal owners of the property, Pedro D. and Christina L. Damil (“Petitioners”). The Petitioners are requesting Variance relief pursuant to §§ 400.1 and 400.3 of the Baltimore County Zoning Regulations (“BCZR”), to permit a proposed detached accessory structure (pole barn) to be located in the side yard with a height as high as 18 ft. in lieu of the required rear yard and maximum allowed height of 15 ft. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners’ Exhibit 1.

The Zoning Advisory Committee (“ZAC”) comments were received and are made part of the record of this case. There were no ZAC comments submitted from any of the County reviewing agencies. However, it is to be noted that a letter of support was received from John Richard Schou, an adjacent neighbor at 4901 Sweet Air Road, indicating his support for the Petitioners’ zoning request.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on November 4, 2018, and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

The Petitioners have filed the supporting affidavits as required by Section 32-3-303 of the Baltimore County Code (“BCC”). Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Administrative Law Judge, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of Section 307.1 of the BCZR. Furthermore, strict compliance with the BCZR would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Although the Department of Planning did not make any recommendations related to the proposed accessory structure’s (pole barn) height and usage, I will impose conditions that the pole barn shall not be converted into a dwelling unit or apartment, not contain any sleeping quarters, living area, kitchen or bathroom facilities, or used for commercial purposes.

Pursuant to the posting of the property and the provisions of both the BCC and the BCZR, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this 26th day of **November, 2018**, by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from §§ 400.1 and 400.3 of the Baltimore County Zoning Regulations (“BCZR”), to permit a proposed detached accessory structure (pole barn) to be located in the side yard with a height as high as 18 ft. in lieu of the required rear yard and maximum allowed height of 15 ft., be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioners may apply for necessary permits and/or licenses upon receipt of this Order. However, Petitioners are hereby made aware that proceeding at this time is at their own risk until 30 days from the date hereof, during which time an appeal can be filed by any party. If for whatever reason this Order is reversed,

Petitioners would be required to return the subject property to its original condition.

2. Petitioners or subsequent owners shall not convert the proposed accessory structure (pole barn) into a dwelling unit or apartment. The proposed accessory structure (pole barn) shall not contain any sleeping quarters, living area, and kitchen or bathroom facilities.
3. The proposed accessory structure (pole barn) shall not be used for commercial purposes.

Any appeal of this decision must be made within thirty (30) days of the date of this

Order.

Signed
JOHN E. BEVERUNGEN

Baltimore County
