Chief Code Enforcement

County office Bldg.

Room 213

111 West Chesapeake Ave.

TOWSON, Md. 21204

August, 2015

C.C. Kingsville Civic Assoc.

This complaint is against:  
G & M Automotive (George  
MAJchrzak)

11825 Belair Road  
Kingsville, MD. 21087

MAJOR ISSUES:

G & M automotive has been  
destroying the quality of life  
in Kingsville for a long  
time! They are also first  
class in destroying the  
rural and historical nature  
of our area!

Violations are:

Massive number of cars on  
lot next to building and  
in front of two houses on  
Belair Road. These vehicles,

Could be potentially  
leaking fluids

Massive number of vehicles  
on lot across from business  
in a fenced area. Sometimes  
there are between 50 to 70  
vehicles stored there. This lot  
is not camouflaged, from sight  
vehicles could be leaking fluids!  
all kinds of religious signs  
in windows and attached to  
buildings. It reads "say Jesus!"  
also tons of tagless cars on former  
Bank lot on Jerusalem Road.  
Going west on Bradshaw  
Road it is very hard to  
see oncoming vehicles entering  
Jerusalem Road from Belair  
Road due to the number of

2

Vehicles parked in front  
of business.

These are sights and  
conditions that the residents  
of Kingsville have to deal  
with every day with no  
relief from County and  
state officials.

I certainly would not  
give them any of my  
business.

They should be boycotted.

Please take steps to remedy  
these conditions.
