This Complaint is against:

J S I Automotive

11854 Belair Road

Kingsville, Md. 21087

J S I automotive has been destroying the quality of life in Kingsville for many years! They are also first class in destroying the rural and historical nature of our community!

Violations are:

massive amount of tagged and untagged vehicles in front, side and rear of building which could be leaking fluids. What a horrible sight to have to look at every day!

Piles of metal debris on side and rear of building.

The owner, Jeff Insley runs this dump as an automotive repair garage.

Sometimes I wonder if this is a front for other activities!

Also, he has numerous vehicles for sale on his lot. Does he have a proper license to sell used vehicles?

This is the last place in the world where I would take any vehicles for repair.

He is totally incompetent and I am sure he would rip you off! He should be boycotted!
